## \$1.10 Tax Rate Gets Tentative Approval Of RC Councilmen

BY RICHARD KEUSINK

Redwood City councilmen Monday afternoon gave their tentative approval to the city's 1949-50 budget which calls for a tax rate, in the old town area, of \$1.10 per \$100 assessed valuation. This figure is less than the \$1.13 figure set last year but is two cents more than anticipated in the supplemental budget message presented by City Mgr. E. A. Rolison on June 29.

Councilmen decided to add two cents to Rolison's figure of \$1.08 which will be held in a special "capital outlay" fund. The councilmen will decide on the actual disposition of the fund at a later meeting.

The total budget figure determined yesterday is \$947,929.49 as compared with the sum of \$953,097.86 previously estimated in the tentative budget.

Budget figure for the 1948-49 year was \$861,400.40. Rolison explained the increased expenditure and the lower tax rate by pointing out that this year the city is valued at approximately \$5,000,000 more than it was last year. Most of the additional five millions is accounted for in building construction last year.

Rolison said the budget would provide sufficient funds together with other miscellaneous revenues to meet all departmental expenditures including bond interest and redemption and, in addition, provide an unbudgeted reserve of \$38,133.27. This latter figure would be in addition to the \$10,000 allotted from the two-cent tax increase which the councilmen voted yesterday after Rolison had previously set the figure at \$1.08 per \$100 assessed valuation.

Biggest appropriations for the 1949-50 fiscal year will go to the police and fire departments. The police department budget for the forthcoming year was set at \$120,006.35 and the fire department \$118,306.

Other appropriations include general government, \$43,844.21; city engineer, \$21,403.83; street maintenance, \$85,951.62; electrical, \$44,995.89; recreation, \$37,881.47; and city manager, \$989.85.

Total expenses required for general purposes is \$771,400.79.

Required for special purposes, including the public library, retirement, bond redemption and interest, and war memorial funds is \$176,528.70.

These amounts will be raised through tax levies in five separate city districts. The major burden of tax raising will fall to the old town area where the tax rate will be the full \$1.10. In other areas, the tax rates will be smaller:

Five Points, \$1.08 per \$100.  
Harbor Dist., \$1.03 per \$100.  
East Industrial Redwood, Red Feather Annex and Woodside Acres, \$1.02 per \$100.  
Easton Ave. Villas, Alden Subdivision, Atherwood, Redwood Village, and Friendly Acres, \$0.99 per \$100.

These taxes include funds for the general operating fund, for library, war memorial and retirement funds and for redemption of bonds and payment of interest on bonds.

The estimated tax levy in the old town area, which is the most heavily assessed, is \$439,890.62. Lowest tax levy will come from the Harbor Dist., where expected tax revenues are set at \$903.81. The only change to the basic tax rate as previously prepared by the city manager, was the councilmen's action yesterday in setting the additional two-cent figure to bring the total to \$1.10 instead of \$1.08.

Under the city charter, councilmen may provide for additional capital expenditures by increasing the tax rate, but not more than on a basis of one cent per \$500 of additional revenues. Final adoption of the 1949-50 budget figure will be made at the next council meeting, Sept. 6.

## SC Police Report Fountain Burglary

Approximately \$28 in cash, four cartons of cigarettes and a movie projector valued at \$100 were stolen Friday night from Alma's Fountain, 1528 El Camino Real, San Carlos police reported today.

The burglary, not reported to officers until Saturday afternoon, occurred between 10 p.m. Friday night and Saturday morning. Entry was made by prying open a rear window of the store.

## Blame Attack In Belmont On Rape Try

The district attorney's office and Belmont police today listed the mysterious attack Friday afternoon on a Belmont housewife as an attempted rape and robbery.

Chief O. Walter Lindholm, Frank Marlowe, criminal investigator for the district attorney's office, and two Belmont patrolmen, Monday afternoon questioned Mrs. Nan Andrews, 43, for the first time since the alleged attack.

Lindholm said the interview lasted for more than two hours because Mrs. Andrews was still badly shaken up and had difficulty explaining what happened. Lindholm said that she gave a description of her assailant and an all-points bulletin was immediately sent out over the police radio.

The man was described by Mrs. Andrews as being between six feet and six feet two in height, weighing between 200 and 220 pounds, unshaven and dirty, and wearing a brown suit and blue shirt. He was reportedly between 50 and 55 years of age, had thick brown hair and bushy eyebrows.

According to Lindholm, Mrs. Andrews story was as follows: Early in the afternoon she went to bed at her home at 1614 Manzanita Ave. and fell asleep shortly before her husband, John S. Andrews, salesman and industrial engineer, and 24-year-old daughter, Myrtle, left the house at 1 p.m.

The next thing she knew she was awakened by a man entering the bedroom. He had dark gloves on and was carrying a money box and some silverware. She said she remembered seeing him stuff a paper in his pocket.

He then put down the cash box and made advances on her. She fought him off but was struck on the head. The next thing she knew, she was in Mills Memorial Hospital.

Lindholm said he believed Mrs. Andrews had been struck with a mirror and not with a pickaxe as had been believed earlier. Lindholm said the paper was the burglar stuffed into his pocket.

Andrews has repeatedly denied that any of his engineering papers, strewn about the floor by the intruder would be of any value to anyone. Marlowe today said that there was "no spy angle" to the case. Nine dollars in cash was stolen, Lindholm said.

He said that bruises on Mrs. Andrews' body indicated an attempted rape although a medical examination at the hospital showed that she had not been raped. Police believe the assailant entered the house through an open front window.

The exact time of the attack has not yet been determined. Mrs. Andrews' daughter returned home at 3:35 o'clock Friday and found her mother unconscious on the bedroom floor.

Lindholm said that the new evidence "discounts any previous theories and suppositions." He admitted, however, that there were still many puzzling angles to the case, for example, the two attempted entries into the house earlier in the week.

Last Tuesday Mrs. Andrews reported to officers that two men, one large and the other short, had broken into the garage but were scared away.

Early last Thursday morning a prowler cut a screen on the Andrews' bedroom window, but ran off when Mrs. Andrews screamed. Police had watched the neighborhood carefully all week after the prowler complaints.

Police said none of the neighbors reported any prowlers and that no attempt had been made to break into the other two homes nearby.

GOING AFTER SWAG — These veterans were among the 300 in Redwood City who filled out application forms Monday as the government prepared to pay \$2,800,000 in dividends to men who held service life insurance between 1940 and 1947. Officials estimate that 30,000 to 40,000 veterans living in San Mateo County are eligible for part of the dividend. The men above (l. to r.): Charles J. Shields, Frank Sommerfield, and John J. Dalton. This was the first day that applications were available. They may be obtained from post office or from the veterans service office in the courthouse.

## Trustees Set For Special Benefit Fund

At the request of Mrs. Joe Speciale, a board of trustees has been chosen to administer the money raised at the recent Joe Speciale Benefit Dance at the American Legion Hall. The affair was given by the East Palo Alto Legion Post No. 472.

The dance was held to aid the Speciale family, which was left destitute when Speciale was killed after his postal truck went out of control. Almost \$1100 was raised, it is reported. The dance featured the music of the La-mareaux old-time orchestra with a floor show starring Gretchen Parks, Charlotte Cottle, Melody Tibbs, the Post 472 hay-wire orchestra, Ralph Coleman, Forrest Bennett, George Foreman, Al Smith, with Joe Dimock as master of ceremonies. Auxiliary members sold refreshments.

The money will be used for daily needs and payments on the Speciale home, it was reported by Dimock. He said that Speciale's son has obtained a job to put his earnings aside so that he can complete his senior year at Sequoia High School.

The past president's degree team led by Alton M. Cryer conducted the initiation ritual. Assisting Cryer were Ole S. Oleson, Frank Schottler, Delmar Peters, and DeBella.

Construction of the Eagles' building this year culminated three years of planning. Land for the building was donated in 1946 by Past President Oleson. Peters was chairman of the building committee which approved plans, awarded contracts, and directed construction.

Pres. Edward Van Buskirk presided during the opening and closing sessions. Harvey Conner was general chairman of the committee arranging the dedication.

George Crist, one of the few remaining charter members, was honored yesterday, as was Ernest H. Werder, for more than 40 years the organization's treasurer.

Dedication ceremonies were led by Vincent DeBella, junior past president, who traced the history of the Eagles in Redwood City and introduced the past presidents—more than a dozen of whom attended yesterday's affair.

## Eagles Dedicate New Hall, Initiate 25, Hear Cheetham

Redwood City's largest men's organization Sunday dedicated its new hall, and the person who instituted the lodge 46 years ago was the guest speaker.

Aerie 418, Fraternal Order of Eagles, celebrated completion of its \$45,000 building at 1515 Liguon St. yesterday afternoon with a special initiation in which 25 new members were inducted.

James Cheetham, past state president of the Eagles and oldest active member in the United States, gave the chief address. Cheetham instituted the Redwood City Aerie in 1903. He has been an Eagle for 51 years.

George Crist, one of the few remaining charter members, was honored yesterday, as was Ernest H. Werder, for more than 40 years the organization's treasurer.

Dedication ceremonies were led by Vincent DeBella, junior past president, who traced the history of the Eagles in Redwood City and introduced the past presidents—more than a dozen of whom attended yesterday's affair.

## County Aides To Continue 5 1/2-Day Week

The San Mateo County Board of Supervisors Tuesday decreed a five-and-a-half day week for county offices, but the issue of skeleton crews on Saturdays was still a matter of debate.

The supervisors stated that if various department heads wanted to operate their offices with skeleton crews on Saturday morning, they could do so.

However, there must be someone on duty in each office capable of handling whatever business arises.

"I think every employee should work certain hours," Supervisor Alvin S. Hatch declared. "I don't believe they should be allowed to put in the pretense of working earlier."

The ordinance passed by the supervisors today establishes the county office schedule at 9 a.m. to 5 p.m. five days a week, and 9 a.m. to noon on Saturday.

The minimum work week for employees is 38 hours, and those workers who get Saturday off must make up the three hours during the five days of the rest of the week.

The work week will remain as it has in the past, but the hours are set by the county to succeed the state law which recently was amended to give the supervisors power over county offices.

The board also: Awarded to the Bank of America the contract for \$1,500,000 worth of tax anticipation notes for cash to carry on county business pending receipt of taxes. The Bank of America was lowest bidder with an interest rate of .62 of 1 per cent and \$9 premium, or a net cost to the county of \$2844.70.

Postponed action until next Tuesday on a recommendation by the Civil Service Commission that prices of meals eaten by employees at county institutions be raised 50 per cent.

Decided to send back to County Executive Frederick Peterson a claim for \$150 for an advertisement in the magazine of the National County Officials Assn. Peterson had refused to approve the claim because it was budgeted for the supervisors' miscellaneous account, which the supervisors said had been done erroneously.

Turned over to County Engineer M. A. Grant a ruling by Dist. Atty. Louis B. Dematteis to the effect that the county must maintain the portion of the old Bayshore Hwy. bypassed by the freeway in the South San Francisco area. The State Highway Commission has relinquished claims on the highway.

Superior Judge Aylett R. Cotton Monday afternoon sentenced the 20-year-old San Mateo youths, Lawrence K. Peace and George T. Lawrence, to the CYA.

Rogers, 19-year-old former San Mateo County "juvenile probation officer," was sentenced to Lancaster a week ago. He had pleaded guilty to assault with intent to commit robbery, and the other two were found guilty by jury of the same count, plus the charge of attempted robbery.

The trio on June 13 waylaid John Stone, an ice cream distributor and Rogers' former boss, in the driveway of Stone's Burlingame Hills home.

Stone, although he was slugged over the head with a home-made blackjack, resisted and his assailants fled. They were arrested by San Mateo Police Chief Robert O'Brien and by Dep. Sheriff Paul Jensen.

## Rosicrucian Tests Shown

The sun is a huge nucleus of a field of radioactivity generated through space. Rosicrucian scientists have found an interesting and curious relationship between the atom, the universe and the human body.

So relates Mrs. O. Kunkel, 3127 Oak Knoll Dr., who recently returned from the International Convention of the Rosicrucian Order, Amore, at the headquarters of the jurisdiction of North, Central and South America, Australia and Africa in San Jose, recently.

Atomic irradiation (radioactivity) was demonstrated by a Geiger-Mueller Counter. Actual radioactive minerals were tested and cosmic rays were also measured, proving the actual relationship between atoms and stars.

More than 1200 members of the Rosicrucian Order witnessed the demonstration of these scientific facts in the annual

conclave of this scientific, educational, philosophical fraternity. Laymen and scientists saw demonstrations of light and color, in an experiment in the fluorescence of minerals.

San Carlos Grants \$52,800 in Permits Permits for new building totaling \$52,800 have been issued in San Carlos during the past week according to Bldg. Insp. Vincent Murphy.

The new permits bring the total new construction for the year in San Carlos to \$2,359,350. Murphy said, with 169 new homes for the calendar year.

## New 6 Per Cent Offer On Sequoia Building For SC-Belmont Area

Sequoia High School Board of Trustees has before it the offer of the services of a San Francisco architectural firm for its proposed new high school building in the San Carlos-Belmont area for a fee of what may average 6 per cent or less.

Architect Frank Wyncoop has offered his firm's services for a fee of 8 per cent on buildings which are not duplicated, such as administration building, 8 per cent on the first unit of duplicate buildings, such as classrooms, and 4 per cent on the additional buildings of the same type as the initial unit.

This, Wyncoop's firm stated, probably would give an overall average of 6 per cent. It might be slightly under or slightly over 6 per cent, the firm's representative declared this week.

If bids for both the San Carlos and Menlo Park schools are advertised for contractors at the same time, there could be a definite saving to the district, Wyncoop's office said.

"If we get the assignment by September," a representative of the firm said, "we would have plans and specifications ready to go for bid by Jan. 1. The school could be opened by the Fall of 1950."

Wyncoop and three associates showed the trustees colored slides of various schools on which they have been the architects. The firm is among eight architectural firms which have been interviewed by the board in its survey to determine the facilities of the applicants.

The firm of Janssen and Daseking, architects for the projected Menlo Park high school, previously had offered to do architectural services for the San Carlos-Belmont high school for a six per cent fee.

Other architects have asked seven and eight per cent fees. Trustee Keith Cole has championed the idea of having the San Carlos-Belmont school completed in time to open by September of 1950.

Among the reasons listed by Cole for having the structures completed by 1950 instead of 1951, as the schedule calls for, are:

1. It probably would result in a saving because of larger contractors bidding on larger jobs and they could bid on both the San Carlos-Belmont and Menlo Park jobs at the same time.

2. The school would be in use one year earlier, with an enrollment of more than 500 students.

3. The feeling that the board is obligated to build a school immediately, by virtue of the 7 to 1 vote given by San Carlos residents for passage of the recent bond issue.

4. It would afford adult recreation and relieve the playground problem.

5. It probably would be necessary to ask for additional tax money to operate the Menlo Park school and it would be wise to have the election on both the Menlo Park and San Carlos-Belmont schools at the same time instead of two elections.

The proposed site for the San Carlos-Belmont school is the Bourdette property adjacent to St. Joseph's Military Academy, at the San Carlos-Belmont limits.

The schedule of classes for the fall semester for the Sequoia Adult Evening School were announced today by Scovel S. Mayo, night school principal. Registration and classes for the adult school begin on Sept. 12.

The fall semester will close on Feb. 3, 1950, and the spring semester will start on Feb. 6, closing June 2.

Registration fees will be \$1 for all classes except citizenship and English for foreign born; workshop and machine shop registration fees will be \$4 and pottery and furniture courses, \$2.

Courses in art, play production, chorus, and folk dancing will be offered in Ravenswood while a course in furniture slip covers will be given at Stanford Village.

Drama, radio production and chorus will be offered in San Carlos, while two folk dancing classes will be given at the Redwood City Recreation Center and the Lincoln School. Other classes will be given at the high school.

Schedules and information may be obtained at the night school office in the main high school building across the hall from the school library.

Classes to be offered this year include: Aircraft, flower arrangement, furniture slip covers, pottery, sewing, citizenship and English for foreign born, bookkeeping, office machines, stenography, typing, drama, English grammar and usage, world literature, play production, radio production, public speaking, languages and mathematics (to be scheduled), carpentry (apprentice), painting (apprentice), machine shop, sheet metal (apprentice), woodshop, chorus, orchestra, folk dancing, badminton, women's physical education, and social science (to be scheduled).

The speaker told of earliest radio broadcasting when "anything went" in radio. "Actors contributed their own sound effects. Shows were put on without auditions. Fees were unthought of."

Radio training and technique are helpful to anyone in developing poise and confidence, Miss Cole thinks. She recommended it particularly for teenagers.

# Atherton Civic Group To Map Year's Program

Atherton's Civic Interest to Chmn. George Linsley. The meeting is scheduled for League Board of Directors will meet tonight to map a program 8 o'clock in the Atherton Town Hall for the coming year, according to Hall.

# Government Forces Regain Ground in Bolivian Revolution

LA PAZ, Bolivia —The Cochabamba radio reported that government forces today recaptured Cochabamba, which Rightist rebels had held since Saturday.

Troops under Gen. Ovidio Quiroga took control of the rebel stronghold, 150 miles southeast of La Paz, at 9 a.m. after four days of fighting, the radio announced.

Confirming the radio report, a government announcement said only feeble resistance was encountered when army troops entered the city.

Some 2000 government troops launched the Cochabamba attack—first major battle with the rebels—after the state had called up all men 19 to 50 to quell the four-day revolt.

The revolt is led by the National Revolutionary Party (MNR) of the late Presidente Gualberto Villaroel, who was hanged when his government was overthrown in 1946.

(The Bolivian radio "Avaroa," heard in Lima, said the rebel leaders fled by plane after the Cochabamba defeat. It said they were en route to Arequipa, Peru, in a commercial transport plane of Lloyd Aero Boliviano.)

Cochabamba was one of three important cities seized by the rebels in widespread uprisings Saturday in the Andes Mountain tin mining region.

Observers said the fall of Cochabamba isolated Santa Cruz, another big town in rebel hands, that town. It lies about 150 miles east of Cochabamba and gets its food and supplies over the railway from that town.

846 MAIN STREET

REDWOOD CITY

**"WILDCAT" VACATION?** — Neither house of Congress may take a vacation without the consent of the other, but the House went right ahead and voted itself a vacation until Sept. 21. The Senate refused its okay, but that didn't stop the vacation-happy House. A few members will meet twice a week just long enough to vote themselves three-day extensions of leave. No other House business will be transacted. Above, Rep. Hugh Adonizio, right (D., N. J.), packs for his "wildcat" vacation, assisted by William M. Miller, House doorkeeper.

## Kiwanis, C of C Officials Told of U. S. Spending Rise

Leaving a sick bed to speak to a combined meeting of the Redwood City Kiwanis Club and Redwood City and Palo Alto Chamber of Commerce officials, Jacob D. Allen, national affairs adviser of the United States Chamber of Commerce yesterday told of the increased federal spending.

Allen, who had agreed some time ago to address the local group, was stricken with a throat infection and a 103 degree temperature Tuesday while visiting relatives in Petaluma but kept his speaking engagement. He was accompanied by his wife and a male nurse. Members of the audience were unaware of Allen's condition.

Speaking on "Chaos in Government" Allen said, "In 1890 federal taxes were \$5 per capita. In 1910 it cost \$8 per individual and in 1930 this cost went to \$28. In 1950, on the basis of current budget estimates and without any extensions, the per capita cost will reach \$317."

California incomes being considerably above the national average, the cost per capita in this state will far exceed \$317," he predicted.

Government agencies in 1933 totaled 521. Today they total

1816, according to Allen. During the last 20 years federal employees have increased from 600,000 to 2,111,257. Despite recently announced cuts in civilian personnel in the military departments the civil service commission of the federal government states that an average of 322 persons per day have been added to the federal payroll during the past 15 months.

Discussing the widespread entrenchment of federal job-holders Allen commented that most people thought they were centered in Washington, D. C. The truth, he added, was that less than 10 per cent of the national government employees are in the capital.

"What state," asked the speaker, "do you think has the dubious honor of having the most federal employees?" "Not New York," Allen continued, "but your own glorious state of California. Maybe it's the beautiful weather that draws them." The total for California, he added, was 206,014 with New York second with 181,110. Pennsylvania was third with 111,158 and Illinois fourth with 89,942.

The cost of each federal purchase for red tape and paper work is over \$10 and most of the transactions themselves amount to less than \$10, Allen stated. "It is just as if you went out and purchased a box of lead pencils for \$10, and then took another \$10 and threw it out the window," he continued.

While we must watch all agencies of government, good government starts at home, said Allen. He urged the group to arm themselves with the facts and press for economy in governments from the city on up to the national agencies.

Allen was introduced by Myron Harman, president of the Redwood City Chamber of Commerce and Cuthbert Currie presided. The meeting was held at the Three Owls.

They travel 65 miles every other Sunday to attend squadron drills.

## Small Boys Hit By Cars, Hurt

Two young boys playing near their homes this week were injured in traffic accidents, the California Highway Patrol reported today.

Three-year-old Jimmie Rucker, 100 Saipan Rd., Midway Village near the San Francisco county line, suffered a possible fracture of his left ankle and abrasions of both ankles. He was treated at Alemany Emergency Hospital.

Bobby Keffer, 4, of 315 Durham St., North Palo Alto, was treated at Palo Alto Hospital for a cut on his scalp.

The CHP reported that the Midway Village boy was playing near a parked ice truck driven by John Brandenburg, 34, of San Francisco. After Brandenburg finished delivering ice near the boy's home, he started up the truck, not seeing the child, who was standing near the right front fender of the truck. The front wheel caught the boy's feet, the CHP reported.

Bobby Keffer was injured while playing on Durham St., 100 feet north of Laurel St. The driver of the car, Paul E. Schlegel, 48, a contractor who lives at 775 Arnold Way, Palo Alto, reported the boy ran into the front bumper of his car but was not knocked down.

## Herrscher Estate Pared to \$464,768

Final distribution of the Fannie May Howard Herrscher estate, pared by government taxes to about one-fourth its original \$1,800,000 size, was filed this week in superior court here.

The paper filed show that the estate is now worth \$464,768, of which \$100,000 will go for attorney fees and the rest, about \$364,000, will be divided among her three sons, Charles S. Jr., Robert S. and Lindsey C. Howard, residuary legatees, all of Los Angeles.

The legal firms which together will get the \$100,000, are Sullivan, Roche, Johnson and Farrar of San Francisco and Neil S. McCarthy of Los Angeles.

Conspicuous by its absence in the distribution papers is the name of Edmond E. Herrscher, millionaire San Francisco attorney, whom Mrs. Herrscher married in 1932. In a will offered for probate in July 1941, 15 months before her death in Oct., 1942, Mrs. Herrscher left Herrscher only the house and furnishings on her Nob Hill, San Francisco home on California St.

Herrscher contested his wife's will, after her death, claiming he and Mrs. Herrscher had agreed shortly after their marriage to make wills in favor of each other. Records show that Mrs. Herrscher had made a will in 1932 but the later one overruled it.

The legal battle, with Herrscher on one side, the three sons of Mrs. Herrscher on the other, was in the courts for some months before the 1941 will was ruled valid.

## Kiwanis, C of C Officials Told of U. S. Spending Rise

Leaving a sick bed to speak to a combined meeting of the Redwood City Kiwanis Club and Redwood City and Palo Alto Chamber of Commerce officials, Jacob D. Allen, national affairs adviser of the United States Chamber of Commerce Wednesday told of the increased federal spending.

Allen, who had agreed some time ago to address the local group, was stricken with a throat infection and a 103 degree temperature Tuesday while visiting relatives in Petaluma but kept his speaking engagement. He was accompanied by his wife and a male nurse. Members of the audience were unaware of Allen's condition.

Speaking on "Chaos in Government" Allen said, "In 1890 federal taxes were \$5 per capita. In 1910 it cost \$8 per individual and in 1930 this cost went to \$28. In 1950, on the basis of current budget estimates and without any extensions, the per capita cost will reach \$317.

California incomes being considerably above the national average, the cost per capita in this state will far exceed \$317," he predicted.

Government agencies in 1933 totaled 521. Today they total 1816, according to Allen. During the last 20 years federal employees have increased from 600,000 to 2,111,257. Despite recently announced cuts in civilian personnel in the military department the civil service commission of the federal government states that an average of 322 persons per day have been added to the federal payroll during the past 15 months.

Discussing the widespread entrenchment of federal job-holders Allen commented that most people thought they were centered in Washington, D. C. The truth, he added, was that less than 10 per cent of the national government employees are in the capital.

"What state," asked the speaker, "do you think has the dubious honor of having the most federal employees?"

"Not New York," Allen continued, "but your own glorious state of California. Maybe it's the beautiful weather that draws them." The total for California, he added, was 206,000.

## New Barns Ready In Meadows Area

Opening day for the new, ultra-modern barn area at Bay Meadows has been set for Monday, Labor Day. It was announced today by William P. Kyne, general manager of the California Jockey Club. The Peninsula course will present 41 days of racing commencing Sept. 13.

More than 1000 stalls are available in the new area, which is situated between the track and Bayshore Hwy., and horsemen will find them the cleanest and most up-to-date on the West Coast. Every other barn is concrete, and completely fireproof, and all units are equipped with showers and airy tack rooms, featuring double-deck bunks.

Virtually all of the thoroughbreds in training in California have applied for stall space at the Bay Meadows meeting, plus a goodly number from the East, Midwest, Northwest and Canada.

## Yvonne Alexander and Jack Van Zandt Wed In Double Ring Ceremony at St. Charles

It was a 7 o'clock double ring ceremony Saturday evening at St. Charles Church in San Carlos for Yvonne Alexander, daughter of the Keith O. Alexanders of San Carlos, and Jack Van Zandt of Burlingame. The Rev. Father Moriarty officiated, and Mr. Alexander gave the bride away.

Miss Lupe Mosser of Burlingame attended the bride as maid of honor and Gudrun Brown of Oakland was the bridesmaid. Harvey Bartholomew of Burlingame stood at the altar, and William Freise of San Bruno did ushering duties.

The bride's gown of white marquisette with lace insets was fashioned with long sleeves, a high neckline and short train. Yvonne wore pearls given her as a gift from her new husband, and for "something old" she wore a locket belonging to the groom's grandmother. Her finger-tip veil was secured with a band of stephanotis and her bouquet a crescent of white orchids and stephanotis.

Miss Mosser's gown was of rayon taffeta in apple green with full skirt, short sleeves, and a yoke of lace with high neckline.

Miss Brown wore yellow rayon taffeta fashioned in simple lines with bustle back. Both attendants carried crescent shaped bouquets. The maid of honor carried yellow gladioli and wore a matching head band while the bridesmaid's flowers were orchid gladioli florettes and a head band of the same.

Mrs. Alexander wore beige lace over pink, with dark brown accessories and a green orchid, while the mother of the groom, Mrs. Van Zandt, wore turquoise with sandalwood brown accessories and her orchid corsage was in tones of cream and brown.

A reception held at the Alexander home at 112 Colton Ave. in San Carlos followed the ceremony.

## Labor Plans To Support Chest Drive

"Labor will support the San Mateo County Community Chest campaign in every way possible," Carl E. Cohenour, San Mateo Central Labor Council secretary and Community Chest board director, stated today.

"With Labor Day approaching, it is fitting to emphasize again Labor's participation in community efforts," said Cohenour. "I feel that, in having representatives from labor management and the professions serve on the boards and committees of local chests and their Red Feather service agencies, the chests exemplify the American and democratic practice of all groups in our nation cooperating to serve all the people."

"The Red Feather agencies are a living expression of the traditional American generosity and interest in the health and welfare of their fellow citizens. I hope this year's campaign will meet with a full measure of success."

"I appeal with all sincerity to labor members to give as generously as they can. Wherever possible, I recommend that each worker contribute a full day's pay."

The Red Feather agencies supported by the San Mateo County Community Chest are the Children's Health Home, the San Mateo County Blood Bank, the Council of Social Agencies, the Catholic Social Service, the Family Service Agency, the Boy Scouts of America, the Girl Scouts of the United States of America, and the Young Men's Christian Assn.

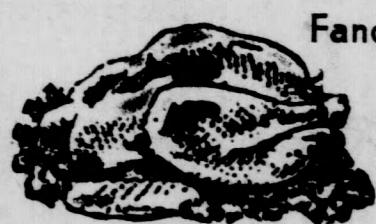

## County's Value \$214,141,281

San Mateo County's assessed valuation of taxable property of \$214,141,281 for 1949-50 is an increase of 11 per cent over the \$192,999,746 taxable valuation of property in the county for 1948-49 and of 79 per cent over the pre-war valuation of \$119,834,211 for 1940-41, California Taxpayers' Assn. reported today.

Valuation for 1949-50, based on preliminary data reported by the state board of equalization, is subject to adjustment. Over the state as a whole, taxable valuation of property, as assessed by the county assessors and state board of equalization, is at a new high of \$13,227,261, 599 for 1949-50, up 9 per cent over the \$12,193,012,251 net but are being brought out now to be conditioned for the coming school year.

Hicks said the vandalism has been reported to the police who along with school employees are watching for the culprits. He said that the buses had been kept in garages earlier in the Summer but are being brought out now to be conditioned for the coming school year.

## Legion Hits Fifth Column Of Russians

PHILADELPHIA (P) — The American Legion's 31st national convention moved today against Russian Fifth Columns.

The Legion's Americanism Committee won backing of a resolution under which area seminars would be set up at San Francisco, New York, Birmingham, Ala., and Indianapolis, to study Fifth Column activities.

The legion also demanded that the United States "curtail as far as possible any further immigration" at this time.

The federal government should "strictly adhere to the existing laws and quotas allowing immigration to the United States," the resolution said.

"Particularly, the United States should adhere to the laws now in force applying to displaced persons rather than place additional burden on the people of America."

Another resolution asked that applicants for U. S. citizenship be required to swear to bear arms for the U. S. whenever the necessity arises.

Legionnaires gave unanimous approval to America's cities.

The legion's 31st annual convention approved a resolution backing a self-help plan "based on the initiative of the people in their own communities without reliance of the federal government in solving unemployment problems."

Under the proposal, town and city councils would confer with industrial and civic leaders and pool their resources on a community plan. It is a key part of the legion's 1959 domestic program.

The election of a new commander was the main item of business on the last day of the four-day convention. Nominations were slated this morning with the vote probably this afternoon.

The legion endorsed the veterans' pension bill before the Senate and commended House members who supported the measure.

Legionnaires howled down a booming chorus of "noes" a proposal by George Nicholas of Miami, Fla., that the legion go on record as opposing a federal bonus for World War II veterans at this time.

COW GAL—"Miss Colorado," alias Sylvia Canaday, will make the trek from Denver to the Miss America finals at Atlantic City in this specially-designed cowgirl outfit. But the traditional beauty contest attire—a two-piece bath-suit.

## 'Miss America' Returns to U.S.

NEW YORK (P)—Bebe Shopp, willowy, blonde Miss America of 1948, returned by air from her month-long tour of Europe today with these opinions:

The French (diaper-bra) swim suits: "scanty," and not for Miss Shopp or other American girls. Up to French girls to decide.

Falsies: Not for Miss Shopp either, but every girl for herself.

European morality: "I was on a vacation. I was not on a crusade to clean up Europe, or anything else."

European men: "I didn't get a chance to meet European men" and had mostly American young men for companions.

Marriage proposals: None, but got lots of fan mail and one attempted telephone date in Italy.

Most thrilling moment: When bullfighters dedicated two bulls to her in Granada, Spain.

Thing most missed in Europe: milk.

Miss Shopp will stay here to crown Miss America of 1949 in Atlantic City on Labor Day.

## Acheson Denounces Russia's Holding of Two U.S. Students

WASHINGTON—Secretary of State Acheson today denounced Russia's holding of two American students in Eastern Germany as outrageous, illegal and improper.

Acheson told a news conference the Americans wandered into the Russian zone illegally but said they were doing no harm and should be released promptly.

The students he referred to are Peter Sellers, 18, of Radnor, Pa., and Warren Oelsner, 21, of Oyster Bay, N. Y. They have been missing since July 29.

The secretary acknowledged that the youths did not have credentials permitting them to

enter the Russian zone. But, he said, no one accuses them of being spies.

Acheson reminded that the United States does not engage in the practice of holding people who have committed no crimes.

Because of that principle, he said, the United States refused to use as a hostage for trading purposes a Russian flier who deserted the Soviet Air Force and then wanted to return to his homeland.

He made that statement when told by a reporter that an unnamed army spokesman in Vienna had said the State Dept. acted with more haste than judgment in deciding to let the Russian go back to the Soviet Union.

The flier, Anatole Barzov, was taken to Austria and turned over today to the Red army. American authorities in Vienna indicated they would have liked to trade him to the Russians for some half dozen Americans being held by Soviet authorities.

The United States does not engage in that sort of thing, Acheson said emphatically.

## Rotarians Hear Talk On Super-sonic Aviation

Research in super-sonic aviation was described orally and through motion pictures yesterday during a meeting of the Redwood City Rotary Club.

Don C. Wiley, aviation information specialist for the Ames Aeronautical Research Laboratories in Sunnyvale, told of the work in that field and presented the pictures describing wind tunnels and other work related to the field of super-sonic aviation. The meeting was held at Ramer Oaks. Dan Robertson was program chairman. Pres. Paul Whaley presided.
